Ordering.

1943 SUPPLEMENTARY LIST

Please Read Before Ordering

Due to increased cost in production and packing we must ask our customers to add 10% to the total amount of their orders. We do NOT pay transportation charges on shrubs and trees.

We plan to have a revised and enlarged catalogue ready for the 1944 season, but UNLESS you have purchased plants from us during 1943 you must send a request for this new catalogue.

We are doing our best to keep up on our stocks, but we may not be able to furnish all items later in the season. EARLY ORDERS ARE INVITED.

We would call particular attention to our many choice rock garden shrubs in our 1942 catalogue and the new ones in this list. Thank you.

ROCK PLANTS

ALYSSUM diffusum. S. Gray prostrate mats of foliage and bright yellow flowers. Rare. 50c.

AQUILEGIA ckitensis var. **kurilensis.** Sh. A fine dwarf species with lovely large deep blue flowers on 4-5 in. stems. 50c.

ASTILBE simplicifolia salmonea. S-sh. Flowers of a pleasing salmon shade on 10 in. spikes. New English introduction. \$1.50.

ASTER amellus Summertime. S. Compact and floriferous with 18 in. stems and medium sized dark blue flowers. July to Oct. 50c.

ANDROSACE carnea halleri. S-sh. A rare form with glossy dark green leaves. Flowers reddish pink on 2 in. stems. 75c.

ANDROSACE mathildae. S-sh. Smooth glossy tight rosettes with white flowers on short stems. May and June. Wants stony soil. Rare. \$1.00.

ANDROMEDA polifolia montana. S-sh. A small compact form with darker foliage than in *Andromeda polifolia nana*. Lovely rosy bells. Prefers a moist place. 50c, \$1.00 and \$1.50 each.

BLETILLA hyacinthina alba. Sh. A beautiful white variation of the type. Rare. \$1.00 each.

DWARF CONIFERS

CHAMAECYPARIS lawsoniana var. **forsteckenensis.** A gray green globular grower with attractive lacy foliage. Dwarf and slow growing. Small plants. 50c and 75c each.

PICEA excelsa brevifolia. A delightful short needled compact spruce. \$1.00 each.

Excelsa Maxwellii. A few smaller plants at 75c each.

Excelsa pygmaea. Very dwarf and compact. \$1.00 each.

TAXUS cuspidata nana. A choice low grower with shiny red berries. Compact and fine. 50c and 75c each.

THUYA obtusa nana. Very dwarf and compact with overlapping "fans" of dark green foliage. Very slow growing. 75c, \$1.00 and \$1.50 each.

DIANELLA intermedia. S. 2 ft. grasslike leaves. Flowers blue in loose panicles on delicate pendant stems followed by very attractive metallic blue berries. 50c each.

GENTIANA gracillipes. S-sh. A hardy Chinese species with long narrow leaves and slender bell-shaped flowers of purplish blue, spotted green inside on 12 in. trailing stems. Aug. to Oct. \$1.00 each.

GLOBULARIA vulgaris. S. Tufts of dark metallic green leaves. Globular heads of blue flowers from May to July. 35c each.

HEATHERS

We offer the following rare heather plants for FALL delivery. These are new sorts not to be found in most nurseries.

CALLUNA vulgaris albopilosa. Lighter, softer foliage than the type, with short spikes of clear white flowers. 50c each.

alba plena. Very large double flowers and particularly dark green foliage. 50c each.

cuprea. Much like *aurea*, but more prim and upstanding with more compact scale-like leaves. Flowers purplish in late summer. Lovely winter color. 50c each.

- Foxii nana.** The very finest of the dwarf collunas. The tiniest of the tiny. A minute mat of bright green mossy foliage. \$1.00 each.
- Mair's var.** Tall and bushy with bright green foliage and white flowers. 50c each.
- Millard's var.** Late orchid flowering on stiff upright stems. Fragrant. 75c each.
- Multiplex.** Soft pink very double flowers. Compact growth. Deep bronze mossy foliage. 50c each.
- Nana compacta.** Much like Minima but smaller. Makes neat rounded tufts with short spikes of lavender pink flowers. 50c each.
- Tib.** Brilliant rosy pink very double flowers in long spikes. Very showy and long lasting. Rare. New and most desirable. \$1.00 each.
- ERICA cernea Snow Queen.** Deep green compact foliage. Grows to about 6 in. Fine clear white flowers from Dec. 75c and \$1.00 each. Ready now.
- Carnea Springwood pink.** Similar to the white form but a trifle taller. Clear delicate pink. \$1.00 each.
- Mediterranea.** Somewhat larger, looser and later than carnea. 50c each.
- Medit. Brightness.** Compact in habit. Very dark foliage with bronze flower buds which open in March and April to bright pink flowers. 75c each.
- Medit. Darleyensis.** A hybrid between carnea and Mediterranea. It begins to show its pink flowers in November. Very good. 50c.
- Medit. superba.** Grows well over 2 ft. high. Upright but compact with large bright pink flowers. Blooms late. Still showy in May. 75c each.
- CINEREA Domino.** A choice white flowered form with black stamens. 75c and \$1.00.
- Mrs. Dill.** A charming dwarf sort with bright green foliage and compact habit. 2 weeks earlier than Mrs. Eason and a trifle lighter in color. 75c each.
- Pink form.** A delightful rosy pink variation. 50c each.
- TETRALIX George Fraser.** Tall and sturdy with bluer foliage than the type. Lovely pale pink flowers. 75c each.
- Praegeri.** A choice variety with large deep pink flowers and very green foliage. 75c each.
- VAGANS alba.** Good clear pure white with very green foliage. 50c each.

Deep pink hybrid. A selected seedling with extra fine deep rosy flowers in long full spikes. Very desirable. 75c each.

Nana. A real dwarf sort with white flowers. Grows very fast and spreading. Charming for the rock garden. 75c each.

HERBS

ARTEMISIA abrotanum. Southernwood. Dwarf form. Fragrant finely cut foliage. 18 in. high. 25c each.

Absinthum. Wormwood. Shrubby with aromatic gray finely divided foliage. 25c each.

HYSSOPUS officinalis. We have both the blue and pink flowered forms. 25c each.

LEVISTICUM officinalis. Loveage. Delicious celery like flavor. Delightful in salads, cottage cheese, etc. Tall growing. 25c each.

MENTHA gentilis. A low spreading mint with a mild flavor and green and yellow mottled leaves. 25c each.

Rotundifolia. Round leaf mint. More delicate flavor than spearmint. Leaves are round and hairy. Tall grower. 25c each.

NEPETA cataria. Catnip. Tall gray foliage. Nice for tea. 25c each.

Nuda. Resembles N. Mussini but more upright. Flowers more blue. 25c each.

SALVIA officinalis. Sage. Hort's mammoth var. Used to flavor poultry and pork. Gray leaved shrubby plant. 25c each.

SANGUISORBA minor. Burnet. Young leaves used to add cucumber flavor to salads. Makes good vinegar. 25c each.

TANACETUM balsamita. Costmary. Is grown for the fragrance of its leaves. An old favorite. 25c each.

Vulgaris. Tansy. Strongly aromatic. With finely divided leaves and yellow flowers. 25c each.

HEUCHERA. Snow Queen. S-sh. A new European import with large waxy white flowers on tall stems. 50c each.

IRIS stylosa gracilis. S. A narrower leaved form with violet colored flowers. 50c each.

LEUCOTHOE davisiae. S-sh. An especially fine shrublet with 12-15 in. pendant branches heavily clothed with deep green foliage. White lily of the valley like flowers in spring. For acid soil. Small plants. 75c and \$1.00 each.

LIBERTIA formosa. S. Stiff narrow 18 in. foliage and many slender 2 ft. spikes of showy white flowers. New and lovely. Makes large clumps. A wonderful accent plant. 50c each.

ONOSMA albo rosem. S. Silvery gray leaves in tufted rosettes. Large pear shaped flowers that open white and change to pink. 50c each.

PHLOX comlaensis alba. A large flowered white form. New. 50c.

PERNETTIA tasmanica. S-sh. A dwarf prostate evergreen shrub for acid soil. Small narrow dark green leaves and white flowers followed by large red fruits. \$1.00 each.

PULMONARIA saccharata maculata. S-sh. Large variegated leaves. Silver and green with rich blue flowers. Early. 25c each.

Saccharata Mrs. Moon. Handsome marbled foliage with pink or salmon flowers shot with blue. Rare and distinct. 50c each.

POTENTILLA fruticosa purdomi. An attractive shrublet with 2 ft. stems and many yellow strawberry like blooms over a long period in spring and summer. 50c each.

RHODODENDRON rufescens. Sh. 1-2 ft. shrub with oblong leaves 1-2 in. long. Flowers white to pale blue in clusters. New. \$1.00 each.

SALIX peasii. Sh. A tiny dwarf species for a moist shady spot. Very rare. \$1.50 each.

Purpurea nana. S. Dwarf purple stemmed willow. Grows 18-24 in. Shears well for low hedges. Attractive blue gray foliage. 50c each.

SARCOCCA ruscifolia. Sh. Delightful low growing rather globular bushlet with small pointed lustrous evergreen leaves. Flowers not showy but followed by attractive purple black berries. Rare. Small plants. 50c and 75c each.

TANAKEAE radicans. Sh. Leathery leaves and fluffy spires of white flowers on 6 in. stems in July and Aug. 75c each.

TRILLIUM sessile californicum. B-Sh. A strong grower with large white fragrant flowers. 35c each.

Sessile californicum. Red form. A delightful red flowered variation. Rare. 35c each.

TRITOMA galpini hybrids. S. Slender grassy foliage and spikes of red yellow or orange flowers on 18 in. stems. Free flowering. 35c each.

VIOLA odorata sulphurea. Sh. A rare sweet violet producing many medium sized yellow flowers. Rather leafy but profuse blooming. \$1.00 each.

WALDSTIENIA fragaroides. S-sh. Delightful mat forming evergreen ground cover with attractive glossy foliage and bright yellow single flowers in early spring. 35c each.
